Hi Friends!

I think you are really going to like the programs and events you'll read about in this calendar (especially the ones I'll be at)! Our Children's Librarians have been very busy planning exciting and fun things to do this Spring!

Here's a sample:

Look for visits from these favorite book characters: Little Critter, Clifford the Big Red Dog, and Pat the Bunny.

Do you like science? There are plenty of STEM programs, including robots, LEGOs, stained glass art, and more to choose from!

The annual celebration of the mathematical constant, Pi, is being celebrated at several libraries on March 14. (3.14). Fun for all!

The Giant Early Learning Play Date for babies through age 6 is full of super activities and will be super fun! (see page 6)

The Bookmobile will be making the rounds to several branches on National Bookmobile Day, April 12. Climb aboard!

There's so much more - gardening, music shows, Picnic and Play, Arduino, writing workshops, art, movies, 3D printing, escape room, Barbie, and leftover Peep programs (one of my favorites)!

Storytimes run March 6 - May 20. During the break that follows, look for our children's staff out and about at local elementary schools promoting the Summer Reading Adventure that kicks-off on Saturday, June 10 at the Central Library.

See you at the library!

Your pal,
Rover Reader
