Informational Meeting: Cardboard Green Bay

Tuesday, June 20

6:00 - 7:45 pm

Ages 12-18

Held in Proto's Makerspace - Central Library 3rd Floor

Find out how you can help build an amazing scale model of downtown Green Bay, using cardboard along with tools such as CAD, 3D printing and CNC cutting - while learning the steps of project planning and prototyping.

Adult-led teams get out into downtown to measure buildings using trigonometry and other tools.

Implemented in phases, this ongoing project will include moving parts, lights, and interactive ways to include local history.

See examples of what has been planned and constructed so far!

Students ages 12-18 can participate. Adult leaders also needed.

Project work will be done on Tuesday evenings, 6:00-7:45 pm.

This project is led by Proto, a non-profit organization and library partner that is dedicated to helping people learn design, engineering, coding and fabrication skills through hands-on experience. Details:
