Baking and Cooking

[All for Pie, Pie for All](#) by David Martin

[Apple Cake: A Recipe for Love](#) by Julie Paschkis

[Apple Pie ABC](#) by Alison Murray*

An impish terrier discovers an unguarded apple pie cooling on the kitchen table, and so begins an alphabetically ordered account of our wire-haired anti-hero. This utterly delightful frolic through the alphabet unfolds with bright, cheery 50's style illustration.

[The Apple Pie that Papa Baked](#) by Lauren Thompson

[Bake You a Pie](#) by Ellen Olson-Brown

Story-tellers who love using silly accents will be delighted to share this lively twist on a traditional song. For cowboy baby Hank only a cactus meringue pie will do, while Buddy the hound dog dreams of Mississippi mud pie and Smelly the garbage truck loves "moldly cheese, banana peel, fishhead pie." But what kind of slice does a Baby Giant cry for? The comical conclusion of this rowdy tale will leave children delighted. An audio CD with boisterous narration is included. (Ages 4-8).

The prim young hostess returns, and oblivious to the switch off, dresses her "teddy" in a frilly outfit and demands proper manners. Robbed of his dignity, the rebellious bear cub dives into the dainty feast in a scene of adorable havoc. Little listeners will be surprised by the little girl's reaction and delighted with the be-ruffled bear cub's antics in this sweetly funny story with a subtle message about manners. For ages 3-6.

Secret Pizza Party by Adam Rubin (ages 5+)

The bushy tailed bandit of Adam Rubin's Secret Pizza Party is even more determined and mischievous than the average raccoon. This slyly humorous tale is an ode to pizza and to pizza's Number One Fan, Raccoon, who can often be found plastered against the outside of pizza shop windows with a look of longing. Unfortunately, raccoons don't have money (through no fault of their own!), so the furry fellow resorts to pizza theft and his face is featured on wanted posters across town. The townsfolk thwart Raccoon's "evil" plans by holding top-secret pizza parties to which Raccoon is not invited and planting broom-wielding, laser-eyed robots along his escape route. Daniel Salmieri's quirky illustrations are priceless, such as the scene of raccoon rolling around euphorically on a buffet line of pizzas as the attendees look on in open-mouthed dismay (one father even covers his son's eyes). By the time our crafty anti-hero hatches the perfect plot to make his pizza pie dreams come true, readers will be both sympathetic to Raccoon's plight and thrilled by his triumph. Pair this hilarious misadventure for ages 4-8 with Dragons Love Tacos by the same author/illustrator duo for a clever culinary coupling.
