These volumes feature surreal illustrations by masterful painter Ron Gonsalves framed by Sarah Thompson's poetic, thought-provoking text. Captivating scenes include a library in which each book is a door to its own world and an open suitcase that summons the seashore. These otherworldly collaborations for ages 6 and older may inspire stories or at the very least, some constructive pondering.

[I Spy \(series\)](#) by Walter Wick

[Look! A Book/Look! Another Book!](#) by Bob Staake

With the wackiness of Where's Waldo and the clues of I Spy, Look! A Book! and its sequel are quirky and fantastical seek-and-finds. Both books feature Seussian-style rhyme and minutely detailed spreads of jubilant nonsense. Circular cut-outs reveal select answers to the youngest listeners. These exuberant and enchantingly offbeat volumes are just the ticket for ages 4-8.
