Book one of The Sisters Grimm series. Sabrina and Daphne are sent to live with their grandma, who they've never met, after their parents mysteriously vanish. They are startled to learn that they are descended from the famous Brothers Grimm, and that they now live among the characters from all the fairytales they grew up listening too. Part mystery, part fantasy-adventure, part fairy-tale, The Sisters Grimm is a perfect series for upper elementary school children and young (or young-at-heart) fans of Once Upon a Time TV show.

[Goose Girl](#) – Shannon Hale (based on The Goose Girl)

[Hero's Guide to Saving Your Kingdom](#) - (based on various fairy tales)

Darn those bards, with their princess-centric tales that shunt the ladies' romantic counterparts off to the side. What about the guys, the various Prince Charmings? Well, four princes set off to get their own names into the stories, instead of being sidelined by Cinderella, Snow White, Rapunzel, and Sleeping Beauty. As they make their way through each other's tales, they start to find out who they are. First book in a new series, this a fairytale for boys, girls, and everyone who enjoys a good story.
