

## **Historical, rare, or genealogical items**

Historical and genealogical items rarely circulate. Please note that if it doesn't circulate at Brown County, it most likely won't circulate through ILL either.

Sometimes, however, the lender will be willing to make a photocopy of the pages you need. The best way to get access to these items is to fill out a request and ask for copies of:

- **Specific page numbers** if you know them
- **Name(s)** of the people you are researching
- If you don't know, ask for a **copy of the index**.
