

# *Give-A-Kid-A-Book Essay*

I like to read and every kid should have the choice if they like reading or not. Personally I like reading because it makes me feel like I am in the book. Also, it is fun to choose the book you are going to read. I like to read about animals. I like to read about animals or other nonfiction because it gives you information. What do you like to read about? One of my favorite books is *George Brown, Class Clown: World's Worst Wedgie*. I like this book because it is funny and this little boy tries to make money, but you have to read it for yourself to find out what happens.

I do have books at home and I don't know how I could live without them. Books are incredible. Every kid should have their own books at home. Sometimes it is just nice to sit down and read a book. When I am feeling down, I read a book. When I want to find out more about something, I read a book. There are many purposes for books, so I think every kid deserves something to read. Books are so valuable to kids. They make us feel like we are in a different world we can't be in.
